MR. PULIYOOR T. P. VELAYUDHAN PILLAI: Sir, Part II of my question is as follows :

"the number of girls studying in the High School classes in the English High School, Chengannur,"?

So the Hon'ble Member is naturally expected to come prepared with the strength of girls students in each Form.

PRESIDENT : When I made that statement I had in view the duty of official members to impart as far as possible all available information that may be elicited by supplementary questions. And it is for the official members to realise this and to get themselves ready with answers.

MR. C. V. CHANDRASEKHARAN : Sir, a word of personal explanation.

PRESIDENT: You too are not an exclusive culprit.

MR. C. V. CHANDRASEKHARAN: Sir, during the session of May 1936, the same questions were asked and answers were given.

PRESIDENT : The answer that the honourable member wants is with regard to the strength of girls students in IV, V and VI forms. Unless the honourable member put down this question definitely the official member may not be able to answer it on the spur of the movement.

MR. PULIYOOR T. P. VELAYUDHAN PILLAI : Sir, my question relates to the present day affairs. I put the same question some years before and I got answers for them. Now, after some lapse of time, situations may have changed.
